

## Final Examination Open Campus Form Grades 10-12

*Each year during final exams we have students in grade 10-12 leaving the school grounds between and after exams. In order to leave school grounds, a students must either bring a note stating the date and time of leaving (one for each day), OR complete and return the form below. Students without signed permission slips of either sort will remain in the school under supervision. Permission must be in writing (either a note for each day or with the form below); students will not be allowed to phone home to ask for permission to leave.*

*Students are responsible for ensuring that they return to school in time to write each exam as scheduled. Missed exams due to inexcusable absence (no note from a doctor or nurse) may result in a mark of zero being assigned, even if you were absent for the whole day.*

### Reminders:

- *personal electronic devices, including music players and cell phones are not allowed in the exam room.*
- *final report cards will be sent through the mail; they will not be given out through the office.*
